

#MoodboardBook 1

2020 Edition

For our moodboards we drew inspiration from the world of creatives and how they brainstorm their imagination to come up with something wonderful. We wanted to give you a valuable source of ideas for your interior projects.

Contardi sartorial approach and highly decorative lights lend themselves well to this exercise where colours, materials, design, fashion, art and everything we like come together to stimulate your creative flair.

We hope that you will find them useful and love them as much as we enjoyed creating them thinking about their viewers.
