“Mentre mio padre stava dando forma alla luce, stavo imparando come modellare un’azienda”

Achille Carcano, Titolare

Paola & Achille Carcano

1. La nostra storia, la nostra famiglia *Our history, our family*

Contardi, una giovane azienda con una lunga storia. Il primo prodotto a marchio Contardi è stato lanciato nel 2006. Successivamente, l'azienda ha iniziato una crescita costante anno dopo anno, che si è consolidata negli ultimi anni a livello internazionale. Contardi è ora una solida realtà con sede produttiva ed amministrativa in Brianza, il cuore pulsante della manifattura Made in Italy. Tutto comincia grazie al genio creativo di Michele Carcano, che aveva una grande passione per la prototipazione. La sua esperienza nell'azienda Stilnovo gli consentì di sviluppare una notevole competenza nell'illuminazione. Da quel momento, gli eredi di Michele, Achille e Paola Carcano, hanno preso le redini dell'azienda e sono ora supportati da un team unito e compatto. Come in una famiglia allargata, alcuni dei suoi membri sono parte di Contardi sin dagli albori. Contardi è oggi sinonimo di servizio, qualità e flessibilità. Queste caratteristiche hanno consentito all'azienda di guadagnarsi la fiducia di architetti, interior designer e consulenti di illuminazione, figure professionali sempre alla ricerca di originalità e design decorativo e funzionale, oltre che di esperienza e servizio di alto livello.

We are a young company with a long history. Our first Contardi branded product dates back to 2006, thereafter the company began to constantly grow year after year, and the expansion has consolidated in the last six years. Contardi is now a well-established company headquartered in the Brianza district - the beating heart of the "Made in Italy" manufacturing. Before then, Contardi had a 30-year history of successful collaborations, providing its lighting expertise to some of the most iconic companies on the Italian design scene. It all started from the creative genius of Michele Carcano, who had a real passion for prototyping and worked for Stilnovo - one of the first companies to build a reputation in lighting design. Fast-forward to today, and Michele Carcano's heirs - Achille and Paola Carcano - have taken the reins of the company, supported by a very close-knit team, more similar to an extended family working together, with some of its members having been part of it since its inception. Contardi is now synonymous with service, quality and flexibility, having become a reliable reference point for architects, interior decorators and lighting consultants who are in search of original and well-designed decorative and functional lighting as well as an unparalleled expertise and service.

1a. Contardi USA

Il percorso aziendale di Contardi ha portato l'azienda ad affacciarsi sul mercato statunitense già nel 2015. Questo mercato ha oggi una grande importanza per il brand. Con l'apertura e presenza della filiale americana, Contardi risponde in tempo reale alle esigenze provenienti da questo mercato.

L'apertura della filiale americana ci garantisce un presidio diretto in uno dei punti nevralgici del mondo, con una forte presenza nell'e-commerce e l'ottenimento della certificazione ETL.

Contardi's business path led the company to enter the US market as early as 2015. Today this market is of great importance for the brand. With the opening and presence of the American branch, Contardi responds in real time to the needs of this market.

The American branch, which is ETL certified, guarantees our brand a direct participation in one of the key regions of the world, with a strong presence in e-commerce.

“While dad was giving a shape to light, I was learning how to shape a company”

Achille Carcano, Owner

2. Contardi Contract Division

Lavoriamo fianco a fianco con architetti, interior designer e consulenti di illuminazione. Grazie a questo, Contardi ha sviluppato la capacità sia di tradurre i concetti dei designer, che di soddisfare le richieste del cliente e di rispettare il budget dei progetti. **Hotels, ristoranti, e yacht** diventano il palcoscenico della versatilità dei nostri prodotti, che si uniscono perfettamente all'ambiente circostante, indipendentemente dallo stile e dalle caratteristiche del progetto stesso. La Divisione Contract Contardi offre un servizio mirato in base alle richieste del cliente:

*We work closely with architects, interior decorators and lighting designers, so we are able to catch and translate the designer's concepts, meeting the client's needs and the budget of the project. **Hotels, restaurants and yachts** become stages where the versatility of products blends perfectly with the surroundings, independently from the style and the characteristics of the project itself. Contardi Contract Division offers a dedicated service on customer requests:*

3. Sartorialità e tecnologia *Tailoring and avant-garde technology*

Per Contardi è stato più volte usato l'appellativo di **“Couturier della Luce”**. Nel corso degli anni, siamo riusciti a guadagnarci questa reputazione per il nostro approccio sartoriale, per la varietà dei materiali usati, per l'eleganza delle finiture e per la loro combinazione con le più innovative tecnologie LED. La nostra collezione è disegnata per assicurare che la qualità dell'illuminazione risponda alle esigenze contemporanee.

Internationally renowned as the “Couturier of Contemporary Lighting”, we have earned this reputation over the years for our skilful sartorial approach, for the variety of materials used, as well as the elegance of the finishes combined with the most innovative LED technology, all designed to ensure that the quality of the lighting responds to contemporary requirements.

4. Flessibilità *Flexibility*

La flessibilità è la nostra forza. Ci contraddistingue. L'ampia varietà di stile rappresenta la capacità di interpretare le diverse personalità dei nostri clienti e di adattarsi a molteplici contesti.

Flexibility is our strength and what distinguishes us from the rest. Style variety does not mean a lack of identity though. On the contrary, it means a capacity to interpret different styles and to adapt to different settings.

5. Sostenibilità *Sustainability*

Il nostro impegno per un business sempre più sostenibile è costante. Siamo ora pronti per la nuova sfida di ridurre ulteriormente il nostro impatto ambientale con una serie di obiettivi che miriamo a raggiungere e che rappresentano il nostro orientamento in termini di sostenibilità.

Our commitment to an increasingly sustainable business has emerged over the course of the last few years and, after obtaining some great achievements, we are now ready for a new challenge to further reduce our environmental impact with a clear set of targets, which constitute our Pole Star in terms of sustainability.

6. Certificazioni *Certification*

La presenza di un Brand sul mercato internazionale non può oggi prescindere dalle certificazioni. Contardi risponde a questa esigenza investendo risorse e competenza. Oggi l'azienda è certificata ETL per il mercato americano e CCC per il mercato cinese. Grazie all'ufficio tecnico interno, Contardi riesce a soddisfare le richieste di certificazioni quali: SABER per l'Arabia Saudita, CoC per il Marocco, EAC per il mercato russo.

Today, a Brand's presence on the international market requires the ability to provide certifications. Contardi responds to this need by investing resources and expertise. Our company is ETL certified for the American market, and CCC for the Chinese market. Thanks to the internal technical office, Contardi is able to satisfy requests for certifications such as SABER for Saudi Arabia, CoC for Morocco, and EAC for the Russian market.

DESIGN

1. Lo stile incontra la sostanza *Timeless design created in Italy*

La nostra Collezione Outdoor è un chiaro esempio di questa combinazione ideale: un modo per portare all'esterno il mondo indoor, mantenendo le stesse caratteristiche decorative e di qualità del prodotto per interni, senza dimenticare l'aspetto pragmatico relativo alla destinazione d'uso. L'utilizzo di materiali e tessuti decorativi di alta qualità è combinato con finiture e caratteristiche richieste dai più alti standard, tra cui la certificazione IP65 e il trattamento di cataforesi "Marine Grade".

We at Contardi interpret the outdoor collection as a way to bring the interior design to the open-air. The idea is to keep the same decorative and qualitative characteristics of the indoor products without forgetting the pragmatic aspect, specifically the intended use. The use of high-quality decorative materials and fabrics is successfully combined with finishes and regulations required for the highest standards, such as the IP65 and the "Marine Grade".
