

CIRCUS LED

All Together

SO

PL

La Circus nella versione a LED è pensata per l'utilizzo in spazi commerciali quali uffici e negozi retail. La sorgente luminosa è una piastra LED molto compatta che offre la possibilità - a differenza dalla versione tradizionale - di ridurre notevolmente l'altezza del paralume. Circus LED è compatibile con i principali sistemi di controllo remoto digitale dell'illuminazione, caratteristica essenziale per l'utilizzo in progetti di spazi commerciali.

Circus in the LED version is designed for use in commercial spaces such as offices and retail stores. The light source is a very compact LED board that offers the possibility - unlike the traditional version - to significantly reduce the height of the shade. Circus LED, highly performant, is compatible with the main digital remote control lighting systems, an essential feature for use in commercial space projects.
