

# CUBE OUTDOOR

Massimiliano Raggi

SMALL

LARGE

Incarnazione della filosofia di Contardi di portare l'interior design all'esterno, per un outdoor funzionale e di classe. Il modello Cube diventa oggi lanterna da esterno in versione a batteria ricaricabile o cablata. Nel modello a batteria presentiamo un nuovo ed innovativo sistema di accensione, senza interruttore: il solo posizionamento del corpo batteria sul supporto permette l'accensione automatica con una lieve rotazione. Per la ricarica non occorre spostare tutto il prodotto, ma è sufficiente rimuovere il corpo batteria e collegarlo alla corrente. Disponibile con interno oro satinato ed esterno laccato effetto bronzo scuro oppure tutta in bianco (interno ed esterno).

*The incarnation of Contardi's philosophy of bringing the interior design to the outside for functional and classy outdoor. Cube now becomes an outdoor lantern in a rechargeable or wired battery version. To switch on the Battery version, it is enough a slight rotation of the light cylinder. It is not necessary to move the entire product for charging, but you just need to remove the battery pack and connect it to the power supply. Available with satin gold interior and dark bronze lacquered effect exterior or all in white (interior and exterior).*

**ACCENSIONE / SPEGNIMENTO  
SWITCHING ON / OFF****NOTE:**

1. VERSIONE CABLATA: fornita solo con connettore IP68. In caso di collegamento con spina, il grado di protezione passa da IP65 a IP44.  
2. VERSIONE BATTERIA: Ruotare la parte luminosa fino al primo scatto. Il primo scatto è la posizione "spento". Ruotare fino a fine corsa in posizione di estrazione. Sganciare e tirare verso di se il blocco luminoso, che si staccherà facilmente dalla base. Inserire il caricatore nella presa elettrica e posizionare l'estremità magnetica del cavo su quello del corpo luminoso.

**NOTES:**

1. *WIRED VERSION: supplied only with IP68 connector. In case of connection with a plug, the protection degree changes from IP65 to IP44.*  
2. *BATTERY VERSION: Rotate the luminous part up to the first click. The first shot is the "off" position. Rotate all the way to the extraction position. Unhook and pull the luminous block towards you, which will come off easily from the base. Insert the charger into the electrical socket and place the magnetic end of the cable on that of the luminous body.*
