La famiglia Calypso si allarga con la versione da terra, sempre da esterno IP65. Il prodotto è disponibile in due versioni: piantana singola con paralume o doppia con paralume e tavolino. La sorgente luminosa è posta all'interno di un cilindro di vetro che è sigillato per garantire il grado di protezione IP65. La parte inferiore della struttura è laccata nera come il tavolino, la parte superiore è laccata color verde RAL 6011. Le lampade sono fornite con connettore IP68.

Calypso family is growing with the floor-standing version, again as an IP65 outdoor lamp. The product is available in two versions: single floor lamp with a shade and double structure either with a shade and a table. The light source is housed inside a glass cylinder that is sealed to guarantee the IP65 degree of protection. The lower part of the structure is black lacquered, as is the coffee table. The upper part is RAL 6011 green lacquered.

The lamps are supplied with an IP68 connector.
