

# CUBE

*Massimiliano Raggi*

SMALL

LARGE

Lanterna da appoggio in due dimensioni. La struttura esterna in materiale composito viene finita in bronzo, attraverso le nuove tecniche di verniciatura con polveri di metallo: risulta impossibile dire se è metallo o un altro materiale, l'effetto è quello del bronzo spazzolato. La parte interna della lanterna è in metallo laccato oro, che crea un elegante contrasto. Il vetro rigato da cui esce la luce arricchisce il prodotto.

*Lanterns available in two dimensions. The external structure in composite material is finished in bronze through new painting techniques with metal powders: it is impossible to tell if it is metal or not, the effect is that of satin bronze. The inner part of the lantern is in gold painted metal which creates an elegant contrast. The striped glass from which the light comes out enriches the product.*
