Lavoriamo fianco a fianco con architetti, interior designer, e consulenti di illuminazione. Grazie a questo Contardi ha sviluppato la capacità sia di tradurre i concetti dei designer, che di soddisfare le richieste del cliente e di rispettare il budget dei progetti.
Hotels, ristoranti, e yacht diventano il palcoscenico della versatilità dei nostri prodotti, che si uniscono perfettamente all'ambiente circostante, indipendentemente dallo stile e dalle caratteristiche del progetto stesso.

La **Divisione Contract Contardi** offre un serivizio mirato in base alle richieste del cliente:

We work closely with architects, interior decorators and lighting designers, so we are able to catch and translate the designer's concepts, meeting the client's needs and the budget of the project.
Hotels, restaurants and yachts become stages where the versatility of products blends perfectly with the surroundings, independently from the style and the characteristics of the project itself.

Contardi Contract Division offer a dedicated service on customer requests:
