Un segno deciso.

Una barra luminosa, sottile come una lama, potente come un taglio. Fly è una lampada duttile utilizzabile in più ambienti della casa o in ambito contract/hospitality e con l'associazione del diffusore tessile superiore o frontale nella versione a muro diventa un elemento di arredo, quasi una scultura luminosa soprattutto quando si presenta in ripetizione o in associazione di misure differenti. La sua trasversalità e la sua modernità sono manifeste, il suo utilizzo molto ampio.

A decisive statement

A light-bar that is as thin as a blade, as sharp as a cut. Fly is a flexible lamp that can be used in several rooms of the house, or in the contract and hospitality sector. When used with the upper or front textile diffuser in the wall version, it becomes a piece of furniture – almost a luminous sculpture, especially when it is repeated, or combined in different ways. The lamp's versatility and its modernity are evident, with a wide range of applications.
